**Response to Notice to File Missing Parts**

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

Submitted herewith are several documents filed in response to the Notice to File Missing Parts of Nonprovisional Application received for the above-captioned application and dated May 29, 2001. Specifically, Applicants are filing: (a) all fees necessary to comply with the Notice; (b) a Declaration executed by the inventors; (c) an English language translation of the German text in the application along with the statement by the translator indicating that the translation is accurate; (d) a substitute Sequence Listing; (e) an Amendment to Comply with Sequence Listing Rules; and (f) a diskette containing a computer readable form of the Sequence Listing.

The Notice received from the Patent Office also indicates that new drawings are needed because those submitted contain text that is not in English. The notice refers to a flow chart that was not in English but that was marked up to include English text. Applicants believe that the Examiner may have made a mistake in this request since Applicant's copy of the application does not contain a flow diagram and the sole figure does not contain non-English language text. It is therefore respectfully submitted that the requirement for the submission of the new drawing is in error and it is respectfully requested that this requirement be removed. If, after reviewing the application, the Examiner still believes that the new

the new drawing is needed, it is respectfully requested that the Examiner call Applicants' undersigned attorney at (703) 905-2173 so that we can resolve the confusion regarding this matter.

Respectfully submitted,
